1. **COLLECTION OF STUDENT AND STUDENT RELATED INFORMATION**

1.1. Student records contain personal information and personal health information.

1.2. Student records are created from information:
   - provided by parents, for example enrolment forms and medical information
   - generated by schools and Registered Training Organisations (RTOs) such as academic and assessment data and individual learning and support needs
   - employers and other industry stakeholders in work-based education and training arrangements.

1.3. These records must be managed and safeguarded in similar ways, although some distinctions apply in specific circumstances.

1.4. Information about students should not be collected unnecessarily. Forms collecting personal information and personal health information contain a privacy statement so that parents (and students) are aware of the purpose of collection and any usual disclosure of the information.

1.5. Records are kept for varying periods as described in records disposal schedules. In general student records are kept until the student is 25 years of age. Some student records such as class rolls and examination results are kept permanently. Other records may be kept for much shorter periods of time.

2. **ACCESS**

2.1. **Student and parent access to records**

2.1.1. Parents and students can request access to records held by a school or by the Directorate about their child or themselves and can request amendments where they believe the record is incorrect, out of date, incomplete or misleading. Access to evaluative records such as behavioural, counselling, psychological and medical records may be given through, or in the presence of, an appropriately qualified person. Access can also be requested under the Freedom of Information Act 1989.

2.1.2. In general a student’s parents are able to obtain access to their child’s records, at least until the child turns 18. This will always depend on the particular circumstances surrounding the request for access and involves considerations such as whether a child is sufficiently mentally and emotionally mature to make a decision. An exception to this would be in the case of a request from a parent who does not have parental responsibility or where the granting of access contravenes a court order. Further information is contained in the *Family
2.1.3. In certain circumstances regard may be given to the wishes expressed by older students not to provide their parents with access to their personal information.

2.1.4. Where a person is seeking access on behalf of the individual concerned (or on behalf of a parent if the information relates to a student), a signed authority consenting to release information will be required. In certain circumstances proof of identity will also be required.

2.1.5. Where access to records of students currently attending an ACT public school is sought, the school attended should be approached. Information about schools is located at [http://www.det.act.gov.au/school_education/directory_of_schools](http://www.det.act.gov.au/school_education/directory_of_schools). A form is available to access a student record. Use of the form is not mandatory but requests must be put in writing.

2.1.6. Request for records of past students should be made by emailing DETFeedback@act.gov.au or writing to:

The Manager
Records Management
ACT Education and Training Directorate
GPO Box 158
Canberra ACT 2601

2.1.9. Once access is authorised a copy of the requested information can be provided. Original documents cannot be provided. The Directorate must ensure safekeeping and proper preservation of its records.

Applications for replacement certificates require a certified copy of proof of identity documents.

2.2 Access by interstate schools

2.2.1 All education authorities (including the non-government sector) have agreed to implement a national system for the transfer of student information between schools when children move from one state to another. The national system is based on using a common student...
data transfer note which seeks parental consent for disclosing student information as well as a set of protocols. Information is available at http://www.mceecdya.edu.au/mceecdya/.

2.2.2. Original student records will not be provided to schools outside the ACT public school system.

2.2.3. State/Territory Training Authorities have also agreed to exchange Australian Apprenticeships information for trainees and apprentices who move interstate and want to continue their Australian Apprenticeship. Trainees and apprentices provide their consent on the relevant form available from Training and Tertiary Education at http://www.det.act.gov.au/vhe/contact_tate.

2.3 Access by external agencies

2.3.1 In some circumstances parents may consent to student information being shared by the Directorate with others, for example with health professionals. The Directorate will provide information to parents and a consent form for their signature to allow this to occur.

2.3.2 In addition to student information being disclosed with the consent of the individual or parent, access may be provided to student records in other circumstances. Most commonly this occurs if information is required or authorised by law such as through subpoenas or notices for non-party production, by agencies such as Centrelink, the Australian Federal Police or the Fair Work Ombudsman. The Children and Young People Act 2008 requires mandatory reporting by teaching and counselling staff in schools and other defined public servants of suspected child sexual abuse or non-accidental injury. The Office for Children, Youth and Family Support within the Community Services Directorate receives mandatory reports of abuse and neglect of children and young people in the ACT. Further information is at http://www.dhcs.act.gov.au/ocyfs.

2.3.3. Sharing of information in relation to students who are in the care of the Director-General of the Community Services Directorate, must be considered within the parameters of the Children and Young People Act 2008.

2.3.4. Staff should refer to the Access to Student Records – Guidelines for staff.

3. **CHARGES**

3.1. Requests for replacement Year 10 and Year 12 certificates or transcripts may incur a fee.

4. **ACCESS AND USE BY DIRECTORATE STAFF**

4.1. Privacy legislation restricts the use of personal information and personal health information except in certain circumstances. This includes where the information is used for a purpose directly related to the purpose the information was collected, where parents and/or students have provided consent, where it is required or authorised under law and where use is reasonably necessary to prevent a serious and imminent risk of harm to a person.

4.3. Staff should refer to the *Access to Student Records – Guidelines for staff*.

5. **RESEARCH**

5.1. Anyone seeking to undertake research projects in ACT public schools and the Australian Apprenticeships System should complete the Research Proposal form available on the Directorate’s website at [http://www.det.act.gov.au/publications_and_policies/publications_a-z/research_and_reviews](http://www.det.act.gov.au/publications_and_policies/publications_a-z/research_and_reviews) for permission to approach schools. The Directorate may then approve the research application but the school will decide whether to participate in the research project. Where personal information of students is sought, it will only be provided if parents provide written consent. Students may provide consent if they are over 18 years of age.
6. COMPLAINTS

6.1. Where there are concerns regarding the application of this procedure or the procedure itself, people should:

- contact the school principal in the first instance;
- contact the Directorate’s Community Liaison section; or
- access the Directorate’s Complaints Resolution policy, which is available on the Directorate’s website at http://www.det.act.gov.au/publications_and_policies/policy_a-z.

6.2. Complaints may also be made to relevant external agencies including:
