Infectious diseases- Procedures

Ainslie Preschools

This procedure must be read in conjunction with the ACT Education and Training Directorate’s policy ‘Infectious diseases- Outbreak procedures and exclusion periods’.

If an educator becomes aware of a child showing sign of an infectious disease they would;

- Remove student from interaction with group
- Inform the parents to arrange collection of the child

On collection of child the educator would;

- Recommend visit to doctor and a confirmation phone call to preschool
- Inform parent of exclusion period

On confirmation the educator would;

- Put up a notice for other families and send note home
